# RE-INTRODUCING...

## Clinell Bed Bath Range

Helps remove the risk of micro-organism transmission associated with wash bowl contamination. This reduces the associated risk of lifting and carrying heavy bowls of water and the risk of spills and potential falls.

Improved patient cleanliness reduces the number of micro-organisms present to transfer to healthcare workers, visitors and the environment.

### Bedbath Range

Rinse-free, cleansing and moisturising wipes and shampoo caps for a full body bathing solution.
